

MELSOFT GT Works3

Ver.1.117X or later

Reduce screen design hours with sample projects!

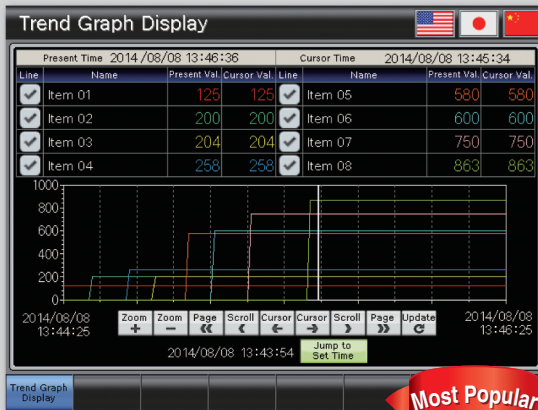

Great support for your screen design!

Lineup includes 17 types of standard screens!

**Standard
screen
samples**

Sample projects come with settings of frequently used functions.

Trend graph display (7 patterns)

Most Popular

Allows you to view data collected by the logging function in a trend graph.

Counter display (4 patterns)

Recommended

Allows you to monitor and reset count values for production numbers, tool use times etc.

Manual operation (6 patterns)

No. 2

Allows ON/OFF operation of signals (bit devices).

Alarm history (2 patterns)

No. 3

Displays alarm log history, allowing you to confirm details and recovery methods of selected alarms.

Parameter setting (3 patterns)

Recommended

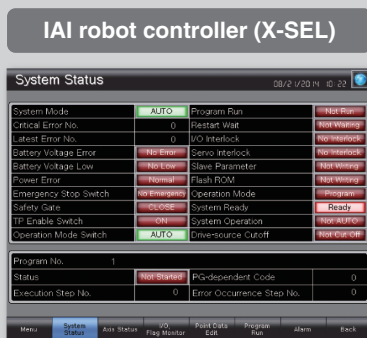

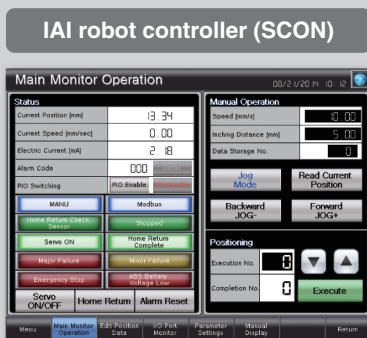

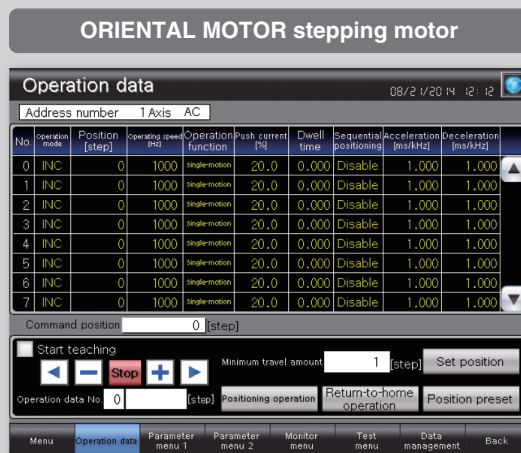

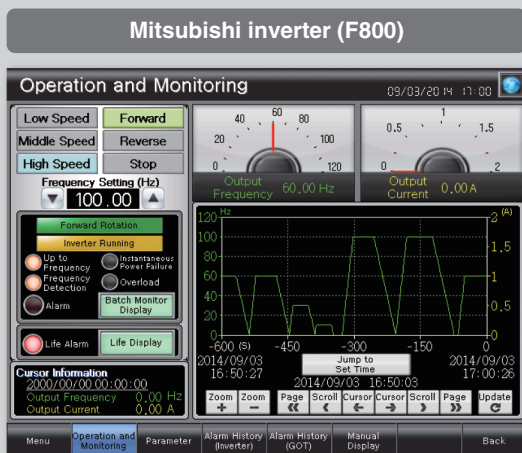

Displays setting items such as parameters and allows you to input set values.

- As well as the above, the following standard screens are provided.
I/O signal display, Numerical data display, Start-up condition display, Operation ready signal display, Interlock display, Interlock setting, Machine selection setting, Alarm frequency display, Alarm status display, Current alarm display, Home position return, Cycle time display
- Sample projects are available in English, Japanese, and Chinese (Simplified). Please install from the GT Works3 DVD-ROM.
- For the latest sample projects, please contact your local sales office.
- For how to use sample screens, please refer to the back side.

Connection samples with FA devices across the industry!

Connection samples

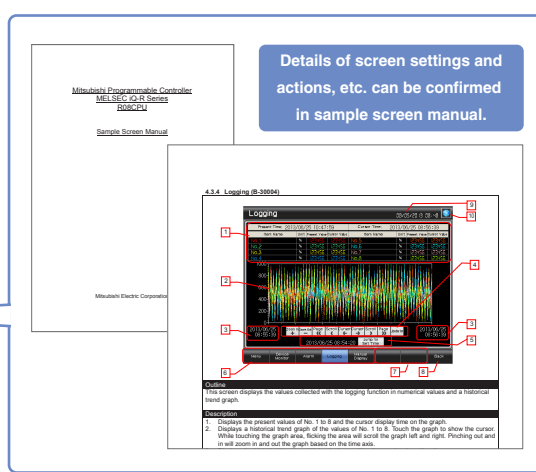

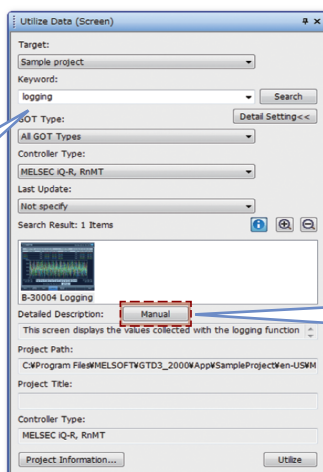

Use sample projects to monitor current values, set parameters, etc.

Using sample projects

Select [Screen] → [New] → [Utilize Data] from the menu of the screen design software

- Select "Sample Project" as the Target on the Utilize Data screen.
- Select or input (arbitrary) a keyword.
- Select from the search results, and press the Utilize button.

Details of screen settings and actions, etc. can be confirmed in sample screen manual.

The release date varies depending on the product and your region. For details, please contact your local sales office.
