

Production by Order and Production Discontinuation of the FR-F700 Series General-Purpose Inverters and the FR-FP700 Series Energy-Saving Drives

Thank you for your continued patronage of the Mitsubishi drive control products.

The FR-F700P series inverters, which exhibit higher functionality and performance than the series above, have been available since December 2009.

We would like to promote integration of the two series, and in order to do so, we are discontinuing the production of the F700 models. Hereinafter, please replace the F700 series with the F700P series, which supports downwards compatibility.

1. Models to be Discontinued

- General-purpose inverters: FR-F700 series (including related models)
- Energy saving drives: FR-FP700 series (including related models)

2. Schedule

- Made-by-order production starts at the end of June 2013
- Production continues on orders received by the last day of December 2013
- Repair service is accepted on orders received by the last day of August 2018

3. Succeeding Model

FR-F700P series

4. Made-by-Order Production and Discontinued Models

Refer to the following tables.

■ FR-FP700 series (Representative models are shown.)

	Name	Model	Model code		Name	Model	Model code
Inverter	200V class	FR-FP720-0.75K	1FG (made-by-order)	400V class		FR-FP740-0.75K	1FG (made-by-order)
		FR-FP720-1.5K				FR-FP740-1.5K	
		FR-FP720-2.2K				FR-FP740-2.2K	
		FR-FP720-3.7K				FR-FP740-3.7K	
		FR-FP720-5.5K				FR-FP740-5.5K	
		FR-FP720-7.5K				FR-FP740-7.5K	
		FR-FP720-11K				FR-FP740-11K	
		FR-FP720-15K				FR-FP740-15K	
		FR-FP720-18.5K				FR-FP740-18.5K	
		FR-FP720-22K				FR-FP740-22K	
		FR-FP720-30K				FR-FP740-30K	
		FR-FP720-37K				FR-FP740-37K	
		FR-FP720-45K				FR-FP740-45K	
		FR-FP720-55K				FR-FP740-55K	
		FR-FP720-75K				FR-FP740-75K	
					FR-FP740-90K		
					FR-FP740-110K		

Production continues on orders received by the last day of December 2013
