Sales and Service

No. 423EA

Discontinuation of the FR-A700 Series General-purpose Inverters Production

Thank you for your continued patronage of Mitsubishi drive control products, FA products, and power distribution control products.

In January 2014 we released the FR-A800 series inverters, which are compatible with the FR-A700 series. Due to this, we are discontinuing the production of the highly valued FR-A700 series inverters.

1. Models to be Discontinued

FR-A700 series (including related models)

2. Schedule

Production continues on orders received by the last day of December 2015.

Made-by-order production starts on the 1st of July, 2015 in advance of the discontinuation.

Repair service is accepted on orders received by the last day of December 2022.

3. Succeeding Models

FR-A800 series inverters

4. List of Models to be Discontinued

■FR-A700 series (Representative models are shown.)
