

# MITSUBISHI ELECTRIC Inverter

## Sales and Service

No. 584E

### Appearance Change of the FR-A800, A800 Plus, and F800 Series General-Purpose Inverters and the FR-B, B3, and B4 Series Inverters for Pressure-Resistant Explosion-Proof Motors

Thank you for your continued patronage of Mitsubishi Electric drive control products. For the FR-A800, A800 Plus, and F800 series general-purpose inverters and the FR-B, B3, and B4 series inverters for pressure-resistant explosion-proof motors, the warning labels on the inverter will be merged into one to streamline the production process.

#### 1. Products Affected

| Series       | 200 V        | 400 V         |
|--------------|--------------|---------------|
| FR-A800      | 1.5K to 3.7K | 0.4K to 3.7K  |
| FR-A800 Plus | 1.5K to 3.7K | 0.4K to 3.7K  |
| FR-B         | 1500 to 3700 | 750 to 3700   |
| FR-B3        | 1500 to 3700 | 400 to 3700   |
| FR-B4        | 1.5K to 3.7K | —             |
| FR-F800      | 2.2K to 5.5K | 0.75K to 5.5K |

#### 2. Details of the Change

The three labels outlined in the following figure will be merged into one, and the terminal names related to each warning will be printed.

The change does not affect the quality, performance, or specifications of the products.

Note) Appearance of the product with the lower front cover removed

#### 3. Date of Change

The change will be sequentially applied to the products manufactured in March 2020 or later.

#### 4. Product Identification

The products can be identified visually.

| Date of issue | Title  | Content   |
|---------------|--|---|
