

Appearance Change of the FR-F800 General-Purpose Inverters

Thank you for your continued patronage of Mitsubishi Electric drive control products.
 The appearance of the FR-F800 general-purpose inverters will be changed to streamline the production process and to save resources.

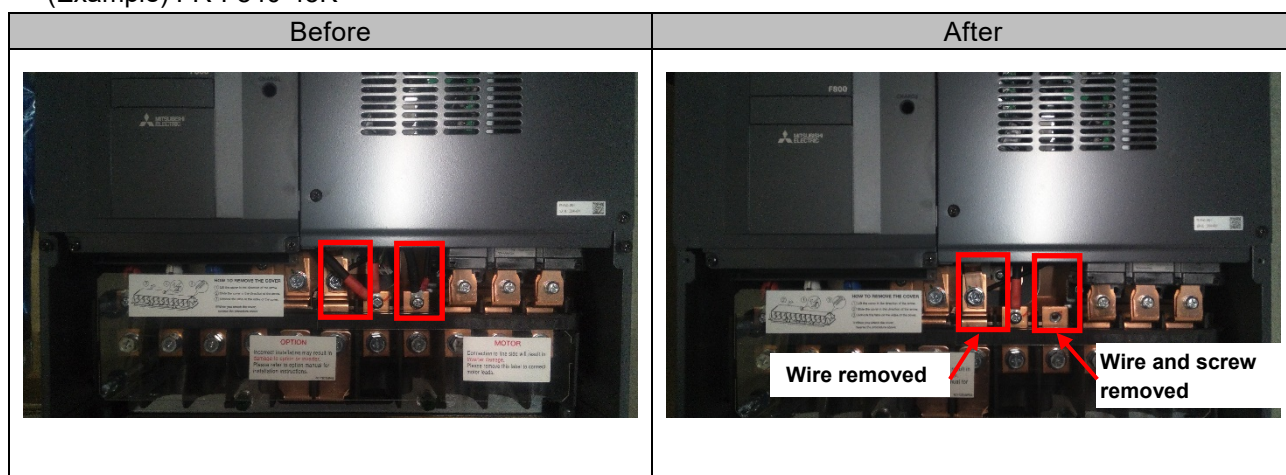

1. Products Affected

Series	400 V
FR-F800	45K to 75K

2. Details of the Change

The appearance of the products (outlined in red) will be changed.
 The change does not affect the quality, performance, or specifications of the products.

(Example) FR-F840-45K

3. Date of Change

The change will be sequentially applied to the products manufactured in April 2020 or later.

4. Product Identification

The products can be identified visually.
