

### UKCA Marking Added to the General-Purpose Inverter Options

Thank you for your continued patronage of Mitsubishi Electric drive control products.  
 The use of the UKCA marking, instead of the CE marking, started from January 1, 2021, after the departure of the UK from the EU. (Products with the CE marking can be sold in the UK markets during transition period from January 1, 2021 to December 31, 2021.)  
 We will affix the UKCA marking to our products with the CE marking after confirming compliance with the UK legislation and standards.  
 The change does not affect the quality, performance, or specifications of the products.

#### 1. Products Affected

| Classification                   | Main applicable inverters | Model   |
|----------------------------------|---------------------------|---|
| Operation panel / parameter unit | FR-A800                   | FR-LU08(-01)  |
| Filter/reactor                   | FR-XC                     | FR-XCG-7.5K to 55K, H7.5K to H90K<br>FR-XCL-7.5K to 55K, H7.5K to H90K      |
|                                  | Common                    | FR-HAL-0.4K to 110K, H0.4K to H560K<br>FR-HEL-75K to 110K, H75K to H355K *1 |
| Brake resistor                   | Common                    | FR-ABR-0.4K to 22K, H0.4K to H22K   |

\*1 FR-HEL-(H)55K or lower (manufactured in July 2021 or later): we have already affixed the UKCA marking.

For more information, refer to Sales and Service No. 649E.

#### 2. Details of Change

The UKCA marking will be added on the standards label or rating plate of the products.

The layout of the markings and indications in the label/plate will be changed.

\* The layout and the markings to be printed may differ depending on the model.

\* The label/plate position is not affected.

(Example) FR-HAL-0.4K to 55K

#### 3. Date of Change

The change will be sequentially applied to the products manufactured in September 2021 or later.  
 (The schedule may vary depending on the production condition.)

#### 4. Product Identification

The products can be identified visually.
