

### Appearance Change of the General-Purpose Inverter Option FR-A8TR

Thank you for your continued patronage of Mitsubishi Electric drive control products. The appearance of the FR-A8TR general-purpose inverter option will be changed as its manufacturing method has been changed.

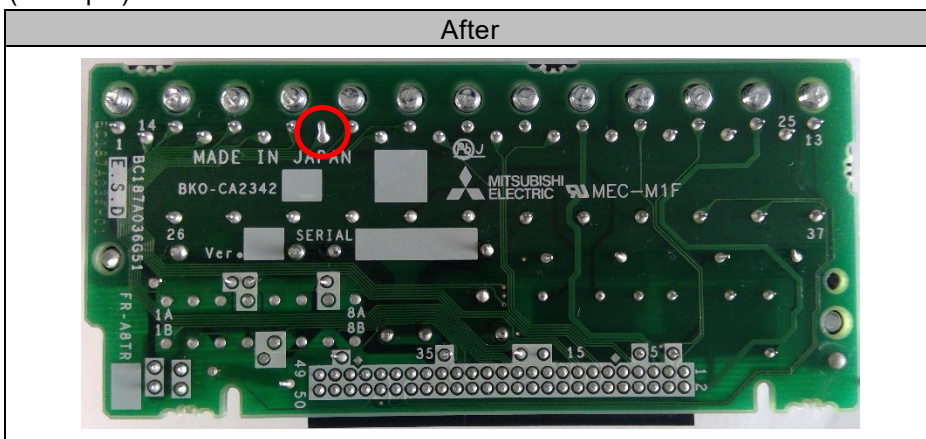

#### 1. Products Affected

FR-A8TR

#### 2. Details of Change

The lead in the red circle will be clinched due to change of manufacturing method. The change does not affect the quality, performance, or specifications of the products.

(Example)

#### 3. Date of Change

The change will be applied to the products manufactured in December 2021 or later.

#### 4. Product Identification

The FR-A8TR after the change will have the following SERIAL or later.

□ 1 Z 00 0000  
 Symbol Year Month Day Control number  
 SERIAL

The SERIAL consists of one symbol, four characters indicating the production date, and four characters indicating the control number.

The last digit of the production year is indicated as the Year, the Month is indicated by 1 to 9, X (October), Y (November), or Z (December), and the Day is indicated by 01 to 31.
