

Appearance Change for the FR-FS2 Series Single-Phase Inverters for Mitsubishi Electric Ventilation Fans

Thank you for your continued patronage of Mitsubishi Electric drive control products.
 The appearance of the FR-FS2 series single-phase inverters for Mitsubishi Electric ventilation fans will be changed due to the material change.

1. Products Affected

FR-FS2-0.25K to 0.8K

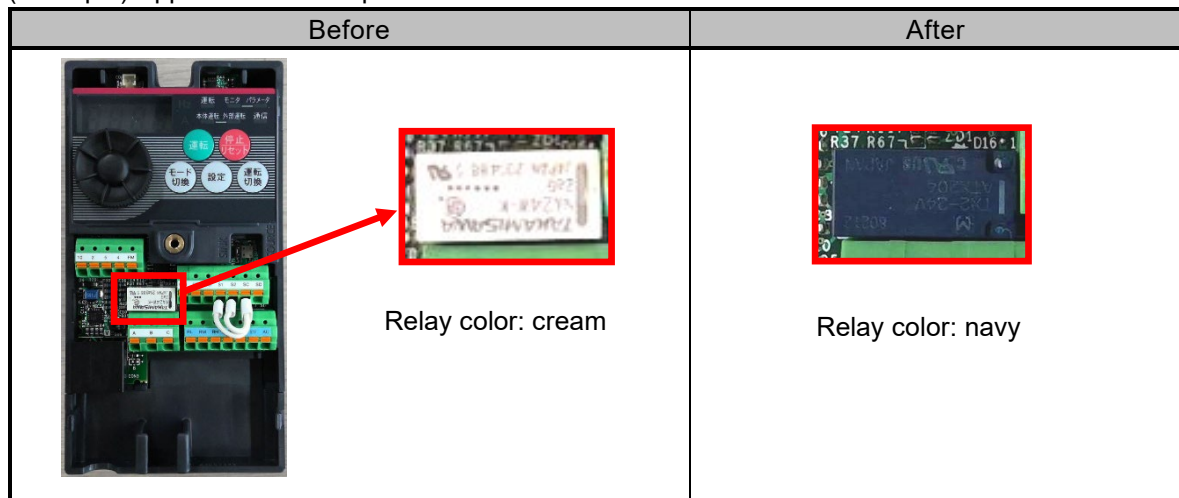

2. Details of Change

The control signal output relay in the product will be changed.

- The relay color will be changed from cream to navy.
- The height of the relay will be about 1 mm lower than that of the current relay.
- The functions and performance will not be affected.

The change does not affect the quality, performance, or specifications of the products.

(Example) Appearance of the product with the front cover removed

3. Date of Change

The change will be applied to the products manufactured in April 2023 or later.

4. Product Identification

The SERIAL (determined by date of production) can be checked on the rating plate or packaging plate.

SERIAL example on rating plate
 □ 3 4 ○○○○○○
 Symbol Year Month Control number
 SERIAL

SERIAL example on packaging plate
 □ 3 4 ○○○
 Symbol Year Month Control number
 SERIAL

The SERIAL consists of one symbol, two characters indicating the production year and month, and the control number (six characters for the rating plate, three characters for the packaging plate).

The last digit of the production year is indicated as the Year, and the Month is indicated by 1 to 9, X (October), Y (November), or Z (December).
