

MITSUBISHI ELECTRIC Inverter

Sales and Service

No. 757E

KC Mark Added to the General-Purpose Inverter Options

Thank you for your continued patronage of Mitsubishi Electric drive control products.
The KC mark will be added to the general-purpose inverter options to show the compliance with the Radio Waves Act (South Korea).

1. Products Affected

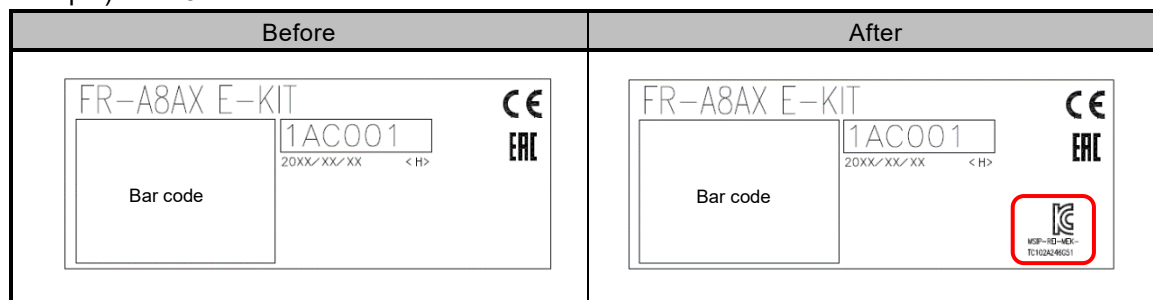

FR-A8AX E kit, FR-A8AY E-kit, FR-A8AR E kit, FR-A8AP E-kit
FR-A8NP E kit, FR-A8ND E kit

* Coated models (-60) are included.

2. Details of Change

The KC mark will be added on the packaging plate of the products (outlined in red).
The change does not affect the quality, performance, or specifications of the products.

(Example) FR-A8AX E kit

3. Date of Change

The change will be applied to the products manufactured in June 2023 or later.

* Depending on the production condition, the change may be applied to the products manufactured in May 2023.

4. Product Identification

The product can be identified with the presence/absence of the KC mark.
