Mitsubishi General-Purpose AC Servo Sales and Service

No. 11-10E

General-purpose AC Servo Amplifiers Comply with the Radio Waves Act (South Korea)

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. Since Article 58-2 of the Radio Waves Act (South Korea) went into effect, the act has affected our AC servo amplifiers. To comply with the act, the indications on the side of the caution rating plate and on the packing box will be changed. Additionally, a description regarding compliance with the act will be added to the manual included with the product. These changes will not affect the product functions or performance. We ask for your understanding in this matter.

1. Target Models

MR-J3, MR-J2S, MR-JN, MR-J3W, MR-J2M, MR-J2-Jr, MR-C, and models described in the catalogs

2. Details of Changes

(1) Addition of the KC mark and a certification number to the caution rating plate

Figure 1. KC mark label example

(2) Addition of the KC mark to the packing box

<Before change> <After change>

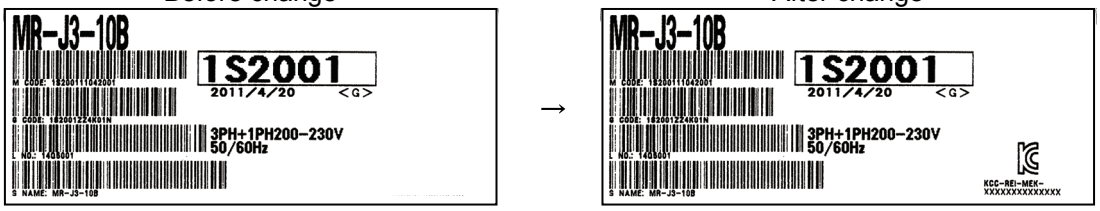

Figure 2. Example of KC mark indication on the packing box (MR-J3 series)

(3) Addition of the description as shown in Figure 3 to the manual included with the product

> 4. Compliance with the Radio Waves Act (South Korea)
> This product complies with the Radio Waves Act (South Korea).
> Note the following when using the product in South Korea.
>
> 이 기기는 업무용 (A급) 전자파적합기기로서 판 매자 또는 사용자는 이 점을 주의하시기 바라며, 가정외의 지역에서 사용하는 것을 목적으 로 합니다.
> (The product is for business use (Class A) and meets the electromagnetic compatibility requirements. The seller and the user must note the above point and use the product in a place except for home.)
