Finger Guard Change for the General-Purpose AC Servo Amplifier

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. To improve the obtainability of the finger guard, the finger guard will be changed as follows. We ask for your understanding in this matter.

1. Target Models

- Finger guard for 60-mm square fan
MR-J2S-200_ to 700_ series, MR-J3W-77B/1010B series
- Finger guard for 40-mm square fan
MR-J3W-44B series

2. Details of the Change

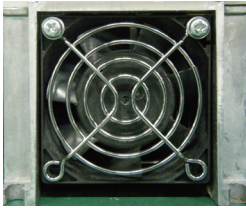

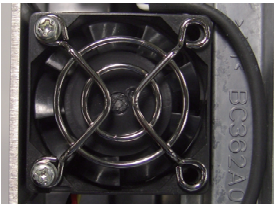

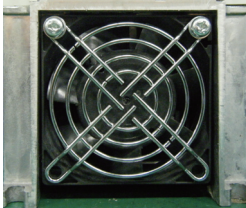

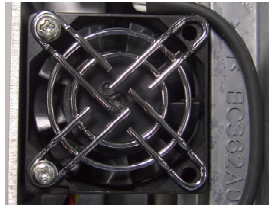

(1) Finger guard change

The finger guard will be changed (refer to table 1).

With the finger guard change, the outer appearance will be changed (refer to table 1).

The both new and old products comply with the European RoHS and Chinese RoHS standards.

Table 1 Comparison table for finger guard change

	Finger guard for 60-mm square fan	Finger guard for 40-mm square fan
Target Model	MR-J2S-200_ to 700_ series MR-J3W-77B/1010B series	MR-J3W-44B series
Schedule	June 2013	August 2013
Before change		
After change		

There may be cases when both new and old products exist in the distribution stage. We ask for your understanding in this matter.

The above change does not affect the functions and performance of the servo amplifier.
