

Sales and Service

Cover Shape Change for Mitsubishi Servo Optional Junction Terminal Blocks MR-TB50 and MR-TB20

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. We will change the shape of the terminal number sheet supplied with the AC servo optional junction terminal blocks MR-TB50 and MR-TB20. We ask for your understanding in this matter.

1. Target Models

Junction terminal block: MR-TB50
MR-TB20

2. Purpose

To prevent from inserting the terminal number sheet in the opposite direction

3. Details of Change

The shape of the terminal number sheet and cover will be changed as follows.

	Before change	After change
Terminal number sheet		
Cover		
Terminal number sheet and cover combined		

4. Schedule

This change will be made sequentially from the October 2013 production.

There may be cases when both new and old products exist in the distribution stage. We ask for your understanding in this matter.

The above change does not affect the functions and performance of the servo amplifier.
