

Mitsubishi General-Purpose AC Servo

No. 14-19E

Sales and Service

Corporate Logo Change for the MR-JN Series Servo Amplifier

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. We will change the corporate logo and the rating plate description for the MR-JN series AC servo amplifier as follows. We ask for your understanding in this matter.

1. Target Models

MR-JN series

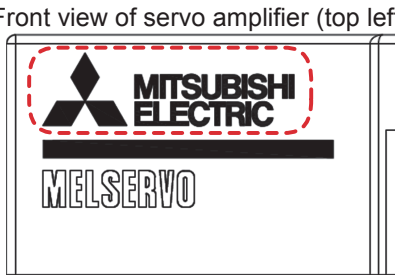

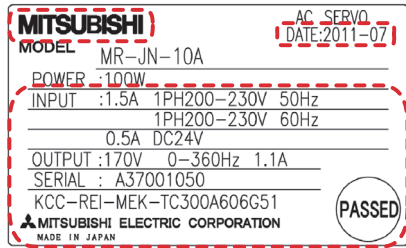

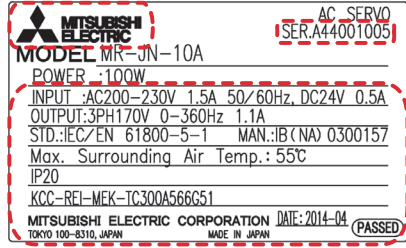

2. Purpose

To unify the design of the general-purpose AC servo

3. Details of Change

The corporate logos will be changed from "MITSUBISHI" to "MITSUBISHI ELECTRIC": the logos are on the front of the servo amplifier and in the rating plate on the side of the servo amplifier. Also, the rating plate description will be changed.

Details of the change (the corporate logo and description of  will be changed.)

	Before change	After change
Front view of servo amplifier (top left)		
Rating plate		

Along with the product change, the contents of the Installation Guides will also be changed. The change does not affect the performance, functions and components of the servo amplifiers.

4. Schedule

This change will be made sequentially from the August 2014 production. There may be cases when both new and old products exist in the distribution stage. We ask for your understanding in this matter.
