Change in Specifications of Wooden Crate Packaging for the Large Capacity AC Servo Motor

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. The wooden crate packaging for the large capacity AC servo motor will be changed as follows. We ask for your understanding in this matter.

1. Target Models

This change applies to the following large capacity AC servo motors.

(1) HA-LFS 25K1(4), 30K1(4), 37K1M(4), 45K1M4, 45K24, 55K24

(2) HA-LP 25K1(4), 30K1(4), 37K1M(4), 45K1M4, 45K24, 55K24

2. Reasons for Change

To unpack crates more easily

3. Details of Change

The specifications of wooden crate packaging are partially changed (Table 1).

This change does not affect the strength of wooden crates.

Table 1 Change in specifications of wooden crate packaging

	Before change	After change
Tie-down block	2 pieces	1 piece
Shock-absorbing material	Used	Not used
Packaging specifications		
Outer appearance		

4. Schedule

This change will be made sequentially from the October 2014 production.

There may be cases when both new and old products exist in the distribution stage.

We ask for your understanding in this matter.
