

## AC Servo Sales and Service

### Description Change on the Plate for Geared AC Servo Motors

Thank you for your continued patronage of the Mitsubishi Electric general-purpose AC servo and Mitsubishi Electric FA products.

For the following geared AC servo motors, the descriptions on the plate of the gear reducer will be partially changed along with the addition of a two-dimensional code. We ask for your understanding in this matter. This change does not affect the functions and performance of the products.

#### 1. Target Models

(1) HG-KR series: HG-KR\_G1\_

(2) HF-KP series: HF-KP\_G1\_

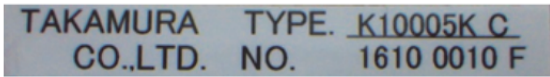

(3) HF-MP series: HF-MP\_G1\_

#### 2. Details of the Change

Along with the addition of a two-dimensional code, the descriptions on the plate of the gear reducer are changed as follows.

The two-dimensional code is typically located on the plate as follows, but the location varies depending on the models.

The following shows an example of the plate, and the descriptions vary depending on the models.

Plate of the gear reducer	
Before change	
After change	

#### 3. Schedule

This change will be made sequentially from the April 2017 production.

There may be cases where both the former and new products exist in the distribution stage.
