

## Sales and Service

### Change of Rotary Switch Indications on AC Servo Amplifiers

Thank you for your continued patronage of the Mitsubishi Electric AC servo system. The rotary switch indications under the display cover of MR-J5 will be changed. This change does not affect the functions and performance of the products.

#### 1. Target Model

MR-J5-G, MR-J5W-G, MR-J5D-G, MR-J5-B, MR-J5W-B, and their derived models

#### 2. Reason for the Change

To improve obtainability by commonizing parts with other models

#### 3. Details of the Change

The rotary switch indications under the display cover will be changed.

##### (1) Rotary switches without indication

1) "ID (HEX)", "x10", and "x1" will be added.

##### (2) Rotary switches with indication

1) The position of "ID" will be changed, and "(HEX)" will be added.

2) The indications of "x16" and "x1" will be changed to "x10" and "x1", respectively.

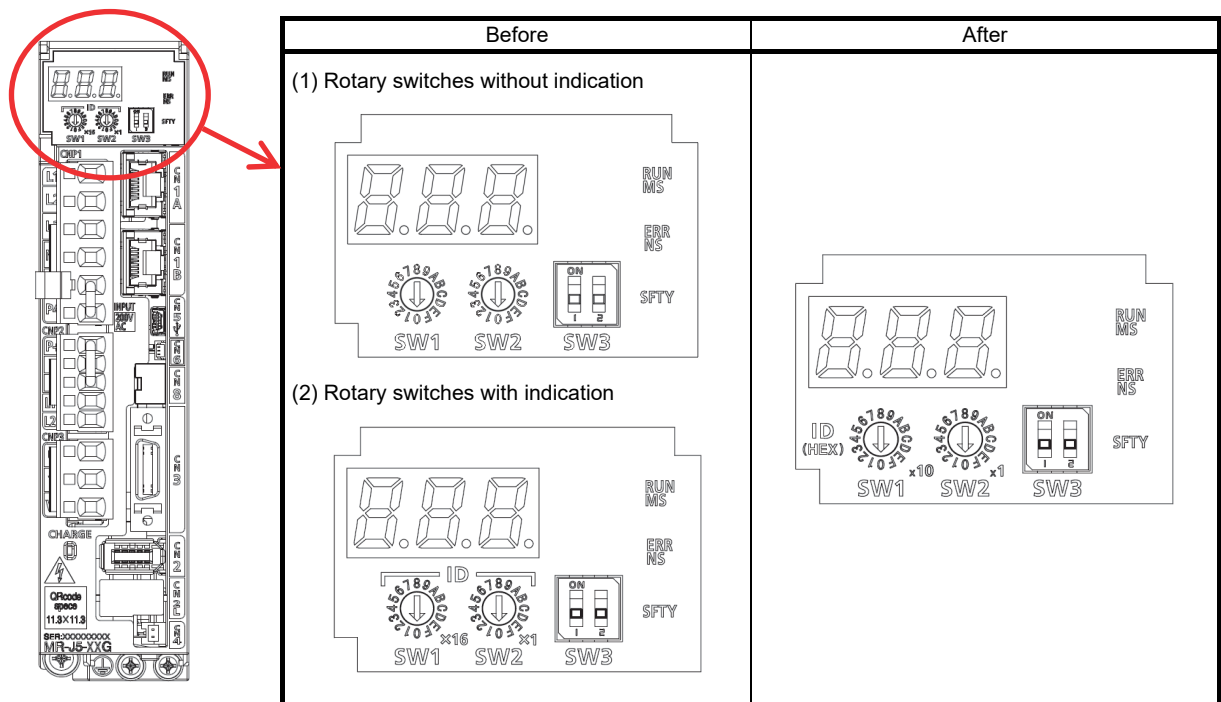

Figure 1. Rotary switch indication change

#### 4. Schedule

This change will be made sequentially from the July 2023 production. There may be cases where both the former and new products exist in the distribution stage.
