

Sales and Service

Servo System Controllers Comply with the Radio Waves Act (South Korea)

Thank you for your continued patronage of the Mitsubishi motion controllers and FA products. Since Article 58-2 of the Radio Waves Act (South Korea) went into effect, the act has affected our servo system controllers. To comply with the act, the indications on the rating plate and on the packing box have been changed. These changes do not affect the product functions or performance. We ask for your understanding in this matter.

1. Target Models

Motion controller Q series, Motion controller A series, SSCNET III compatible positioning module, LD77MH simple motion module

2. Details of Changes

- (1) Addition of the KC mark and a certification number to the rating plate

Figure 1. Example of KC mark and certification number label

- (2) Addition of the KC mark and a certification number to the packing box

Figure 2. Example of KC mark and certification number indicated on the packing box

- (3) Caution description in Korean on a product

From August 1, 2011, the caution description is provided in the following website.

- Mitsubishi Electric Automation Korea Co., Ltd.: <http://www.mitsubishi-automation.co.kr/>

Until the caution description is provided in the above website, the following sheet of the caution description in Korean is included with the product.

<p>이 기기는 업무용 (A급) 전자파적합기기로서 판매자 또는 사용자는 이 점을 주의하시기 바라며, 가정외의 지역에서 사용하는 것을 목적으로 합니다.</p>	<p>(The product is for business use (Class A) and meets the electromagnetic compatibility requirements. The seller and the user must note the above point and use the product in a place except for home.)</p>
