

Sales and Service

Structural Component Change for Mitsubishi Servo System Controllers

Thank you for your continued patronage of the Mitsubishi servo system controllers and Mitsubishi Electric FA products.

We will change the shape of the radiating fin protection sheet of the Mitsubishi servo system controller. This change does not affect the general specifications, performance specifications, functions, and dimensions of the controller. We ask for your understanding in this matter.

1. Reason for Change

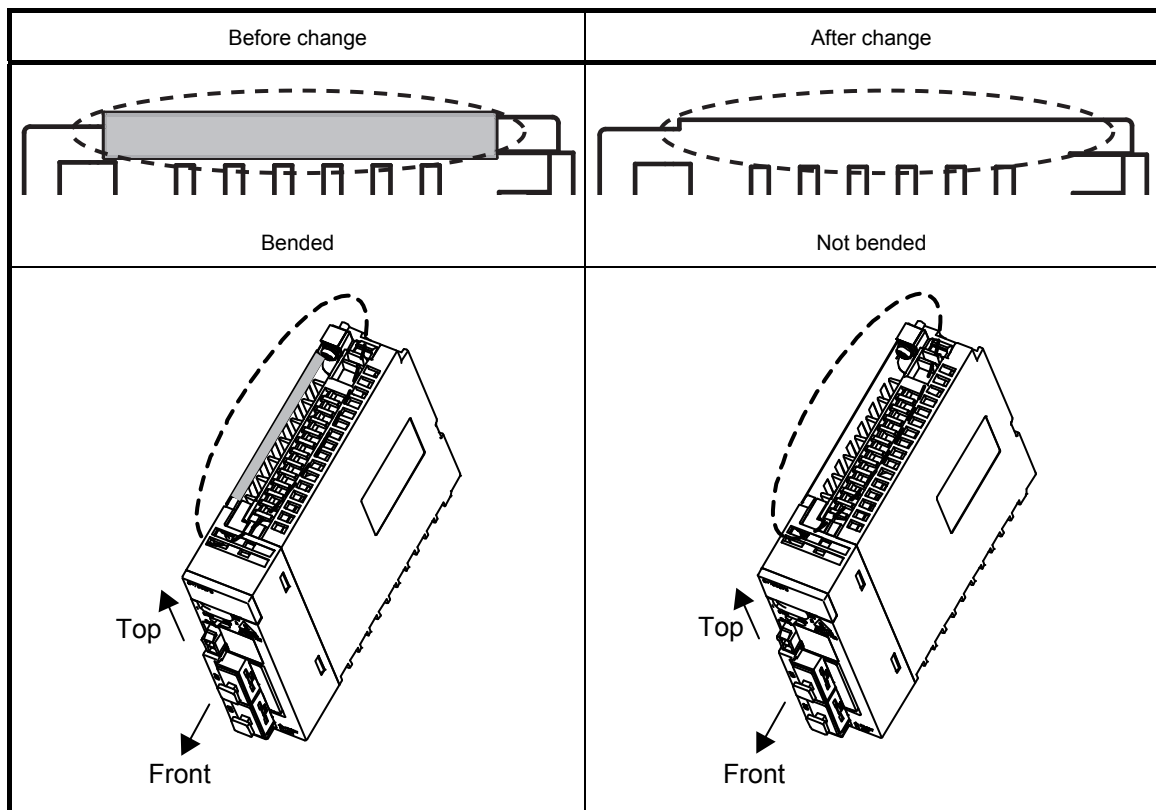

To improve the obtainability of the protection sheet

2. Target Models

Q172DCPU, Q173DCPU, Q172DCPU-S1, Q173DCPU-S1

3. Details of the Change

The shape of the protection sheet on the side of the controller is changed as shown below.

4. Schedule

This change will be made sequentially from the April 2016 production.

There may be cases where both the former and new products exist in the distribution stage.

Date of issue January 2016	Title Structural Component Change for Mitsubishi Servo System Controllers	Mitsubishi Electric Corp., Nagoya Works 5-1-14 Yada-minami, Higashi-ku, Nagoya 461-8670 Tel.: +81 (52) 721-2111 Main line
