Appearance Change of the Rotary Switches on Motion Controllers

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.
The appearance of the rotary switches being used for the Motion controllers will be changed as follows.

1. Target Model

Q172DCPU(-S1), Q173DCPU(-S1), Q172DSCPU, Q173DSCPU, Q170MCPU(-S1), Q170MSCPU(-S1), MR-MQ100

* Products derived from the models above are also subject to change.

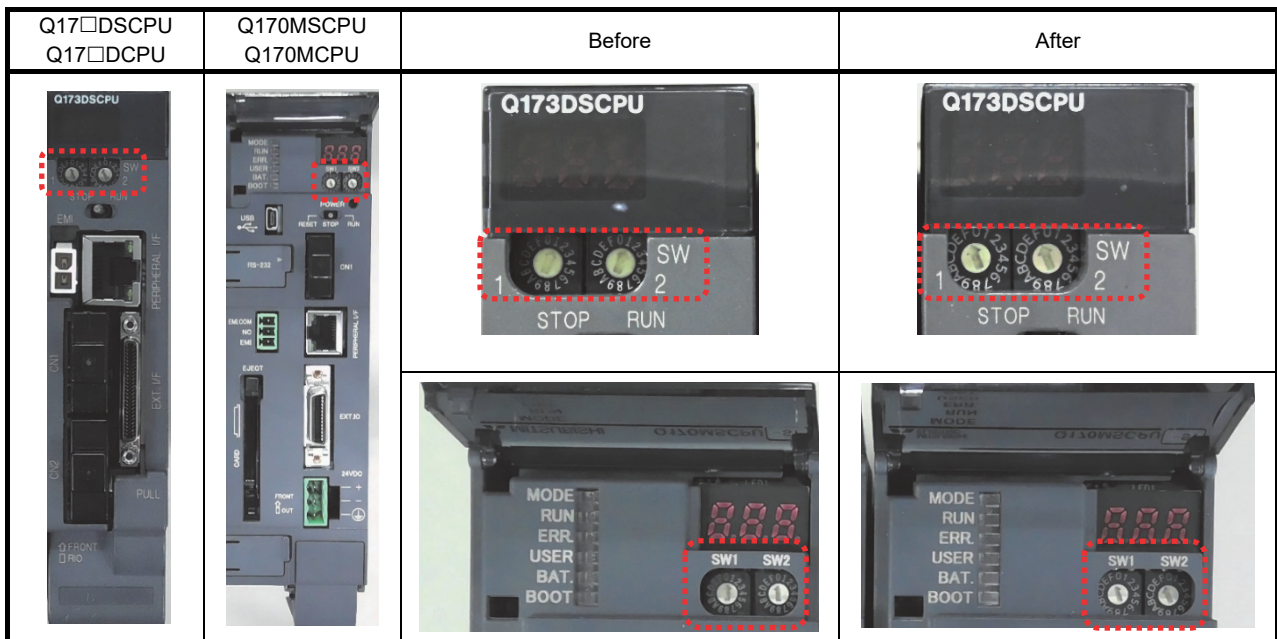

2. Reason for the Change

To improve the obtainability of the parts

3. Details of the Change

The rotary switches being used for the target models will be changed. The size of the characters will be larger, improving the visibility.

* This change does not affect the functions and performance of the products.

4. Schedule

This change will be made sequentially from the July 2021 production.

Note that, depending on the stock status, the products with both the former and new appearances may be distributed in the market around the same time.
