

Changes to the packaging of peripheral devices for MELQIC data logging analyzer

■Date of Issue

August 2019

■Relevant Models

MELQIC IU2 series

Thank you for your continued support of data logging analyzer MELQIC.

We will change the packaging for MELQIC IU2 series optional products and how the instruction manual is packaged with the products.

These changes do not affect the functions and performance of the products.

1 Applicable models and changes

The product packaging and how the instruction manual is packaged will be changed to improve quality (to prevent deformation of PET packaging at high temperatures).

Applicable models	
Product	Model
Battery	IU2-BATT

Content of the change			
Item		Before change	After change
Packaging	External dimensions	70(L)×61(W)×18(H) [mm]	100(L)×50(W)×19(H) [mm]
	Material	PET	Coated paperboard
	External appearance		

HIME-T-P-0207A

Content of the change		Before change	After change
Instruction manual	Packaging for the manual	<p>The manual is used as a lid of PET packaging</p> 	<p>The manual is packaged in a coated cardboard box.</p> 

2 Changeover period

These changes will be made sequentially from the October 2019 production.

There may be cases where both the former and new packaging exist in the distribution stage.

REVISIONS

Version	Date of Issue	Revision
