■Date of Issue

July 2012 (Ver. C: August 2018)

■Relevant Models

QJ71WS96, QJ71MES96N, QJ71MES96

Thank you for your continued patronage of Mitsubishi Electric programmable controllers, MELSEC-Q series.

This bulletin introduces products applicable to Web Server module and MES Interface module.

For the product availability, please contact the manufacturer.

1   TERMS

Unless otherwise specified, this bulletin uses the following term.

Term	Description
Applicable products	Applicable products are products that satisfy the interface specifications of the modules manufactured by Mitsubishi Electric. Note that Mitsubishi Electric does not conduct verification of the applicable products. When applying the product, make sure to examine the applicability and confirm that it will not cause system operation problems. Follow the specifications of each product (applicable product) when using.
Discontinued Products	Discontinued products are products that had been introduced as applicable products in the previous technical bulletin; however, the product availability is currently low because of such as production discontinuation.

2   PRECAUTIONS

Specifications of the applicable products are subject to change without notice.

Before using the product, please read "SAFETY PRECAUTIONS" of User's Manual.

For precautions on the connecting, disconnecting, and wiring to the module of each product, refer to the manual for respective modules.

2.1   Precautions for CompactFlash cards

• The number of writings for CompactFlash cards is limited. For details, refer to the specifications of the product.

• Do not perform the following operations while accessing the CompactFlash card; powering OFF, restarting the CPU module, or removing the CompactFlash card. Doing so may cause data corruption in the card or file system error. Stop the file access before executing any of the above operations.

• Touch the grounded metal to discharge the electricity charged in your body before touching the CompactFlash card. Failure to do so may cause a failure or a malfunction on the CompactFlash card.
