

MELFA Technical News

June 2021

Subject: About change of component parts of teaching pendant (T/B)

Applicable to: T/B for SD series , SQ series , F series and FR series

Thank you for your continued support of Mitsubishi industrial robot MELFA series.
We will change component parts of the T/B as follows.

1. Target model

model : Teaching pendant for SD series , SQ series , F series and FR series.

Item name : R32TB / R32TB-□, R33TB / R33TB-□

Note 1) The "□" indicates the special cable length or special specification number.

2. Content of change

Change the parts used in teaching pendant as follows.

Parts name	Before change (Type name)		After change (Type name)	
	R32TB / R32TB-□	R33TB / R33TB-□	R32TB / R32TB-□	R33TB / R33TB-□
Enable / Disable switch	LB1L-A1T21VW		LB1L-A1T21PW	

Old and new difference of model Enable / Disable switch.

The color of the lighting color when Enable / Disable switch is pressed differs as shown below.

Before change	After change
	 There is no change to the outside form.

3. Reason for change

Due to discontinuation of production of parts Enable / Disable switch.

4. Schedule

This change will be made sequentially from June 2021.

Note) Component parts before change may be intermingled by process of modification.
