

Addition of Label and Change of Product Description

■Date of Issue

January 2022

■Relevant Models

Tension controllers

Thank you for your continued support of Mitsubishi Electric tension controllers.

We are informing you of changes in the optional products for the tension controllers. A label will be added on the product body and the product description will be changed.

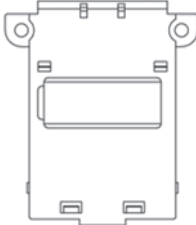

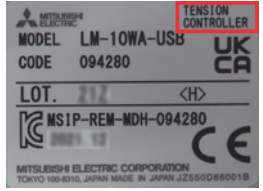

There is no impact on the general specifications, performance specifications, functions, and external dimensions of products due to the changes.

1 RELEVANT MODELS

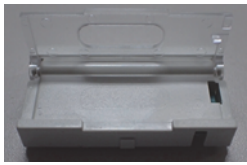

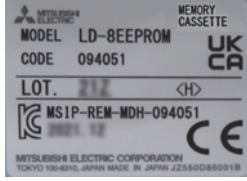

Product	Model
Optional product	LM-10WA-USB, LM-10WA-485, LD-8EEPROM

Relevant model			Details on the changes	
Product	Model	External appearance	Before change	After change
Memory cassette	LD-8EEPROM		<ul style="list-style-type: none"> Product body  <ul style="list-style-type: none"> Packaging label 	<ul style="list-style-type: none"> Product body  <ul style="list-style-type: none"> Packaging label 

3 REASON FOR THE CHANGE

To change the description for the optional products.

4 CHANGEOVER PERIOD

The change applies to the products to be shipped on December 2021 and after.

Note that, depending on stock status, both the old and new products may be distributed in the market around that time.

For details, please consult your local Mitsubishi Electric representative.
