[Title] Changes in the appearance of the AJ65BT-D75P2-S3 positioning module

[Date of Issue] July 2010

[Relevant Models] AJ65BT-D75P2-S3

Thank you for your continued support of Mitsubishi programmable controllers, MELSEC-A series.

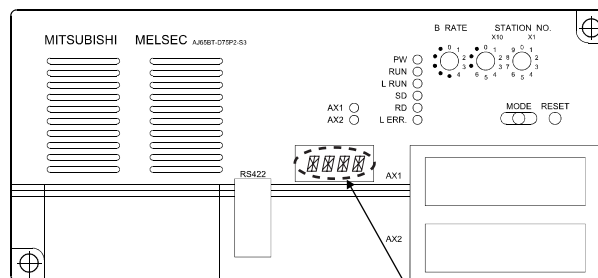

The LED display of the AJ65BT-D75P2-S3 positioning module has been changed due to production discontinuation of some associated parts.

1. Main change

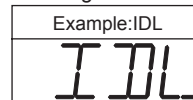

The 17-segment LED display has been changed to the LED module.

Note that the display method, general and performance specifications, and all other features of these models are unchanged.

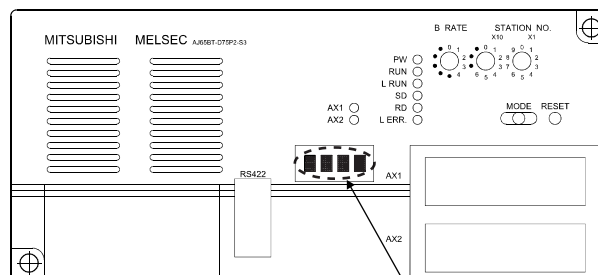

Before change

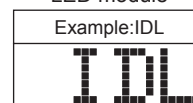

17-segment LED

After change

LED module
