[Title] Transition to made-to-order production and production discontinuation:
One-touch connector plug with terminating resistor

[Date of Issue] February 2013

[Relevant Models] A6CON-TR11

Thank you for your continued support of Mitsubishi programmable controllers.

The one-touch connector plug with terminating resistor (A6CON-TR11N) was released in June 2012 as the replacement model of the A6CON-TR11.

Accordingly, the production of the A6CON-TR11 will be made to order, then discontinued.

1. Models made-to-order/to be discontinued

A6CON-TR11

(For the replacement model, refer to "4. Models made-to-order/to be discontinued and replacement models".)

2. Schedule

- Transition to made-to-order production: August 30, 2013
- Order acceptance: Until November 27, 2013
- Last day of production: December 27, 2013

3. Delivery date

Please purchase the product ahead of time.

For details of the delivery date, please contact your local Mitsubishi sales office or representative.

4. Models made-to-order/to be discontinued and replacement models

Product name	Model made-to-order/ to be discontinued	Replacement model
One-touch connector plug with terminating resistor	A6CON-TR11	A6CON-TR11N

5. Repair acceptance

Repair acceptance: Until December 27, 2020 (for 7 years after production discontinuation)
