

Production discontinuation of MELSEC-Q series SRAM card, Q2MEM-1MBS and Q2MEM-2MBS

■Date of Issue

October 2018

■Relevant Models

Q2MEM-1MBS, Q2MEM-2MBS

Thank you for your continued support of Mitsubishi Electric programmable controllers, MELSEC-Q series. Production of the MELSEC-Q series SRAM card, Q2MEM-1MBS and Q2MEM-2MBS, will be discontinued.

1 Model to be discontinued (2 models)

Product	Model	Remarks
SRAM card	Q2MEM-1MBS	Capacity: 1M bytes
SRAM card	Q2MEM-2MBS	Capacity: 2M bytes

2 Schedule

Transition to made-to-order: February 28, 2019

Order acceptance: Through April 26, 2019

Production discontinuation: May 31, 2019

3 Reason for discontinuation

Some parts of the above products are now obsolete, and we will have difficulty to maintain our production system.

4 Repair support

Repair support period: Until May 29, 2026 (for seven years after the discontinuation of production)

5 Alternative model

Product	Model to be discontinued	Alternative model
SRAM card	Q2MEM-1MBS	Q2MEM-1MBSN
SRAM card	Q2MEM-2MBS	Q2MEM-2MBSN

The alternative models were released in October 2018.

The alternative models are completely compatible with the models to be discontinued. The specifications, performance, and standard prices of the alternative models are the same as those of the models to be discontinued.

6 Recommendable proposals

We recommend the following solutions for the production discontinuation of the Q2MEM-1MBS and Q2MEM-2MBS.

- Purchase another or more Q2MEM-1MBS and Q2MEM-2MBS as a spare by the last day of order acceptance. (☞ Page 1 Schedule)
- Please purchase Q2MEM-1MBSN or Q2MEM-2MBSN for a new 1MB or 2MB SRAM card on and after April 2019.
