

Sales and Service

Change of the Position Board Substrate Manufacturer

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.
The position board substrate manufacturer will be changed as follows.

1. Target Model

MR-MC210, MR-MC211, MR-MC240, MR-MC241, and MR-MC341

2. Reason for the Change

Production discontinuation of the substrates due to manufacturer discretion

3. Details of the Change

The substrate manufacturer will be changed for the applicable models. This change does not affect the functions and performance of the products.

Item	Details of the change
Product appearance	<ul style="list-style-type: none">• The color of the resist layer on the substrate surface will be changed.• The screen printing on the substrate surface will be changed.• The substrate control number printed on the surface will be changed.

4. Schedule

This change will be made sequentially from the February 2022 production.

Note that, depending on the stock status, both the former and new products may be distributed in the market around the same time.
