Change in Package of G-code Control Add-on Library

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.
We would like to inform you that the RnMTCPU-compatible G-code control add-on library no longer has a DVD-ROM packed together.

1. Target Model

G-code control add-on library

Table 1. Target models

Item	Model	Description
Operating system software add-on library (G-code control add-on library)	SW10DND-GCD01	Number of licenses: 1
	SW10DND-GCD05	Number of licenses: 5
	SW10DND-GCD10	Number of licenses: 10
	SW10DND-GCD20	Number of licenses: 20
	SW10DND-GCD50	Number of licenses: 50

2. Reason for the Change

To reduce environmental impact, the DVD-ROM has been removed from the package.

3. Details of the Change

The DVD-ROM (add-on library) has been removed from the package.
To obtain G-code control add-on library, contact your local sales office.

Table 2. Packing list before and after the change

Before	After
DVD-ROM (add-on library)	
USB key (for license activation)	USB key (for license activation)
Before Using the Product	Before Using the Product
