

Sales and Service

The Encoder Cable Leading Part Change for the AC Servo Motor

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. The AC servo motor will be changed as follows. We ask for your understanding in this matter.

1. Target Models

HG-AK series

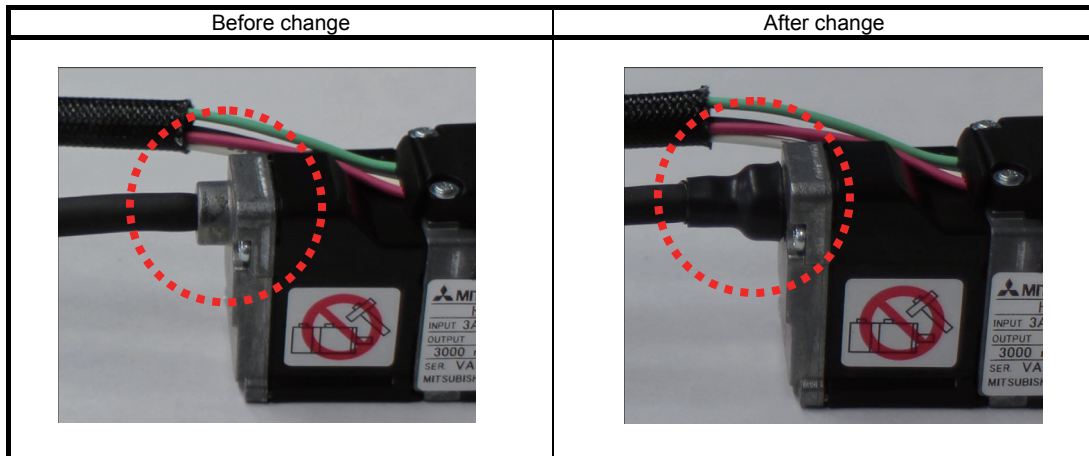

2. Purpose

To reinforce the encoder cable leading part against bending

3. Details of Change

A part of the encoder cable leading part will be changed.

This change does not affect the servo motor performance, functions and dimensions except for the dimensions of the indicated parts.

4. Schedule

This change will be made sequentially from the May 2013 production.

There may be cases when both new and old products exist in the distribution stage. We ask for your understanding in this matter.
