

Sales and Service

Addition of the Connector for the Mitsubishi Servo Amplifier MR-J4-_B_-RJ Series

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. To extend the functionality in the future, the CN9 connector will be added to the AC servo amplifier MR-J4-_B_-RJ series as follows. We ask for your understanding in this matter.

1. Target Models

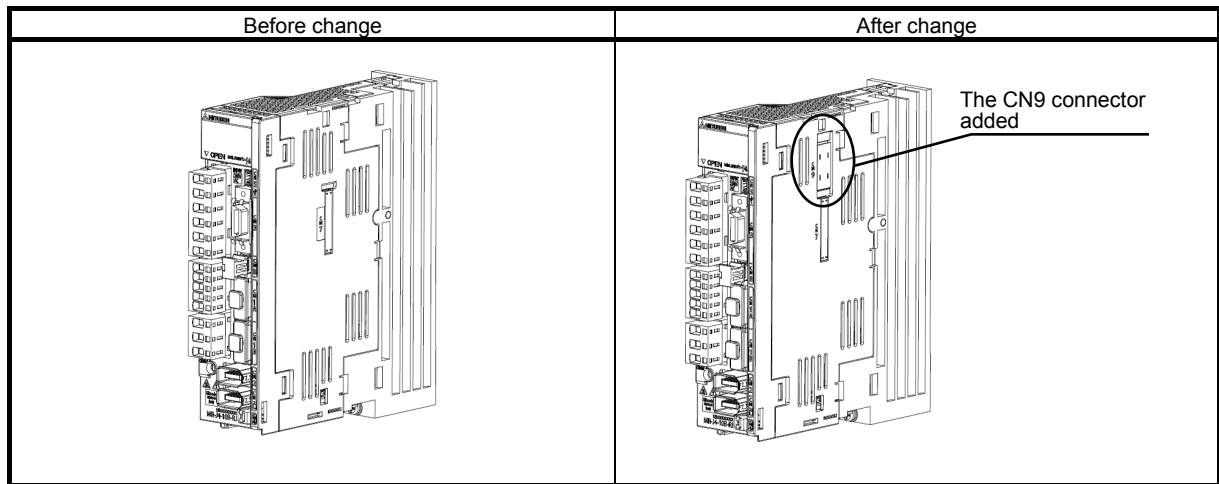

2. Purpose

To extend the functionality in the future

3. Details of Change

The CN9 connector will be added as follows.

Note. The above diagram is for 100 W.

4. Schedule

This change will be made sequentially from the July 2013 production.

There may be cases when both new and old products exist in the distribution stage. We ask for your understanding in this matter.

The functions and performance are not affected by the above change.
