Outer Appearance Change for the Power Supply Connector of AC Servo Motors

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. We will change the outer appearance of the power supply connector for AC servo motors. We ask for your understanding in this matter.

1. Target Models

HF-KN/KP/MP series, and HG-KR/MR series

2. Purpose

To tighten product control

3. Details of Change

The outer appearance of the power supply connector will be changed as follows.

Outer appearance		Before change (Example)
		
		After change (Example)
		
		The name of the manufacturer and the lot number engraved

4. Schedule

This change will be made sequentially from the March 2014 production.

There may be cases when both new and old products exist in the distribution stage.

The change does not affect the servo motor functions and performance.
