Production Discontinuation of the Extension I/O Unit MR-J3-D01 for the Mitsubishi General-Purpose AC Servo

Thank you for your continued patronage of the Mitsubishi general-purpose AC servo and FA products. We have released MR-D01 with functions equivalent to the extension I/O unit MR-J3-D01 for the Mitsubishi general-purpose AC servo. Accordingly, we will discontinue the production of the MR-J3-D01 as scheduled below. We ask for your understanding in this matter.

1. Model to Be Discontinued

MR-J3-D01

2. Production Discontinuation

July 31, 2016

Orders will be accepted through July 31, 2016.

3. Repair Acceptance and Parts Supply

Through July 31, 2023

Repairs and parts orders will be accepted through July 31, 2023.

4. Alternative Model

MR-D01

The MR-D01 has functions equivalent to MR-J3-D01. Please order the MR-D01 as the extension I/O unit for the Mitsubishi general-purpose AC servo.

5. Differences between MR-J3-D01 and MR-D01

Figure 1 shows differences in the outer appearance between MR-J3-D01 and MR-D01.

The models have no difference in their functions and performance as shown in Table 1, and therefore MR-J3-D01 is replaceable with MR-D01.
