

AC Servo Sales and Service

Alternative Encoder Cover for AC Servo Motors

Thank you for your continued patronage of the Mitsubishi Electric general-purpose AC servo. For the target AC servo motors, alternative encoder covers from a new supplier will be used in addition to the current encoder covers.

Thus, both motors with a current encoder cover and ones with an alternative encoder cover will be produced.

This change does not affect the dimensions, functions, and performance of the products.

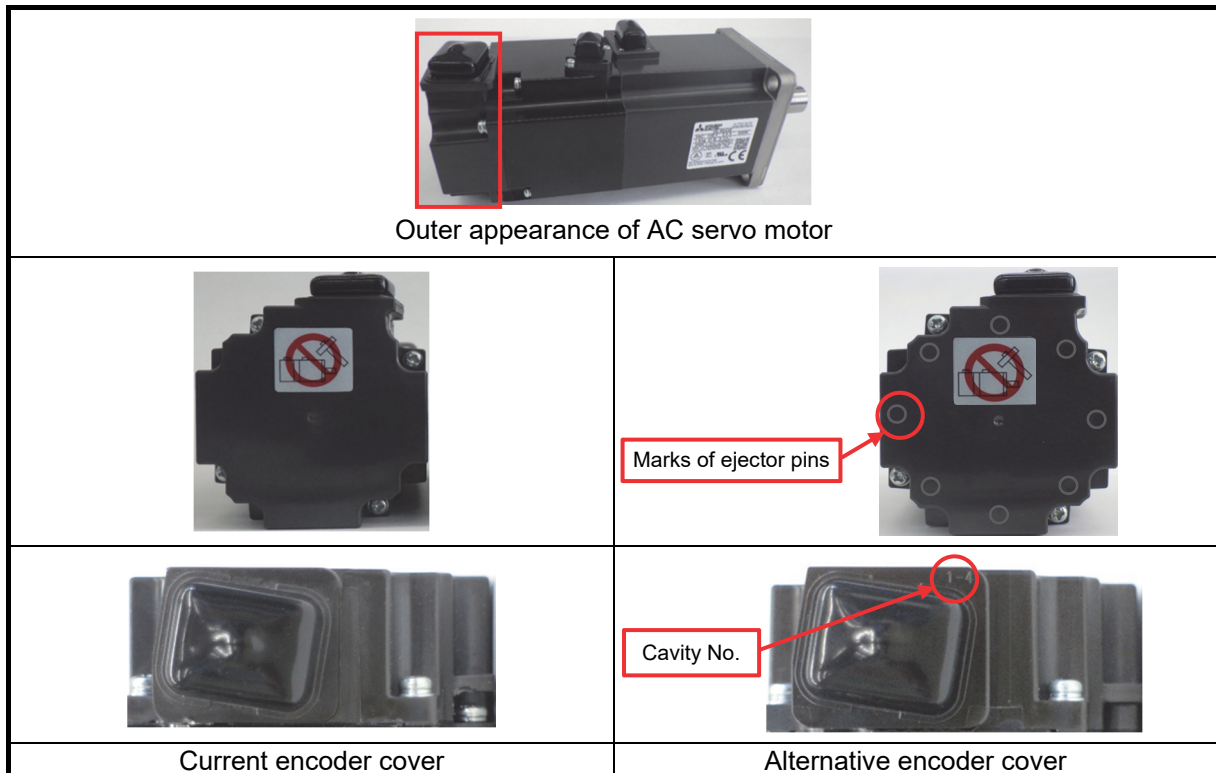

1. Target Model

HG-KR/MR/KN (200 W, 400 W) series and HF-KP/MP/KN (200 W, 400 W) series

2. Details of the Change

To improve the obtainability, alternative encoder covers from a new supplier will be used in addition to the current encoder covers.

Note that the dimensions and the material are the same.

3. Schedule

The alternative encoder covers will be used sequentially from the November 2018 production.

Date of issue	October 2018	Title	Alternative Encoder Cover for AC Servo Motors	Mitsubishi Electric Corp., Nagoya Works 1-14, Yada-minami 5-chome, Higashi-ku, Nagoya 461-8670 Tel.: +81 (52) 721-2111 Main line
