

Sales and Service

Primary Side Appearance Change for the LM-U2 Series Coreless Type Linear Servo Motor

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.
The coreless type linear servo motor "LM-U2 series" will be changed as follows.

1. Target Model

Primary side (coil) of LM-U2 series

2. Reason for the Change

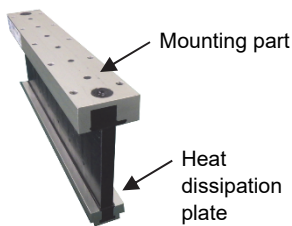

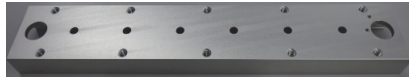

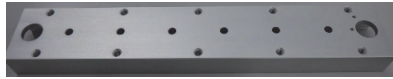

The manufacturer that had provided surface treatment withdrew from the business.

3. Details of the Change

As the surface treatment will be provided from a different manufacturer, the color tone and luster of the mounting part and heat dissipation plate will be slightly different after the change.

This change does not affect the performance, functions, and dimensions of the products.

Table 1. Appearance

Item	Before	After
 <p>Mounting part</p> <p>Heat dissipation plate</p>		
		
Enlarged photo		
Color	Silver	Silver

4. Schedule

This change will be made sequentially from the February 2022 production.

Note that, depending on the stock status, the products with both the former and new appearances may be distributed in the market around the same time.
