

## Sales and Service

### Addition of a New Supplier of Aluminum Frames for AC Servo Motors

Thank you for your continued patronage of the Mitsubishi Electric AC servo system. For AC servo motors, new aluminum frames from a different supplier will be used in addition to the current aluminum frames to improve the obtainability of the parts. The servo motors with different appearances (color tone) will be distributed accordingly. This change does not affect the functions and performance of the products.

#### 1. Target Model

Rotary servo motor      HG-SR, HG-SN, HG-SNS, HK-ST series

#### 2. Reason for the Change

To improve the obtainability of the parts

#### 3. Details of the Change

Aluminum frames from a different supplier will be used.

The servo motors with different appearances (color tone) will be distributed accordingly.

\* Figure 1 shows the appearance of the servo motors as an example, and the appearance varies depending on the model.

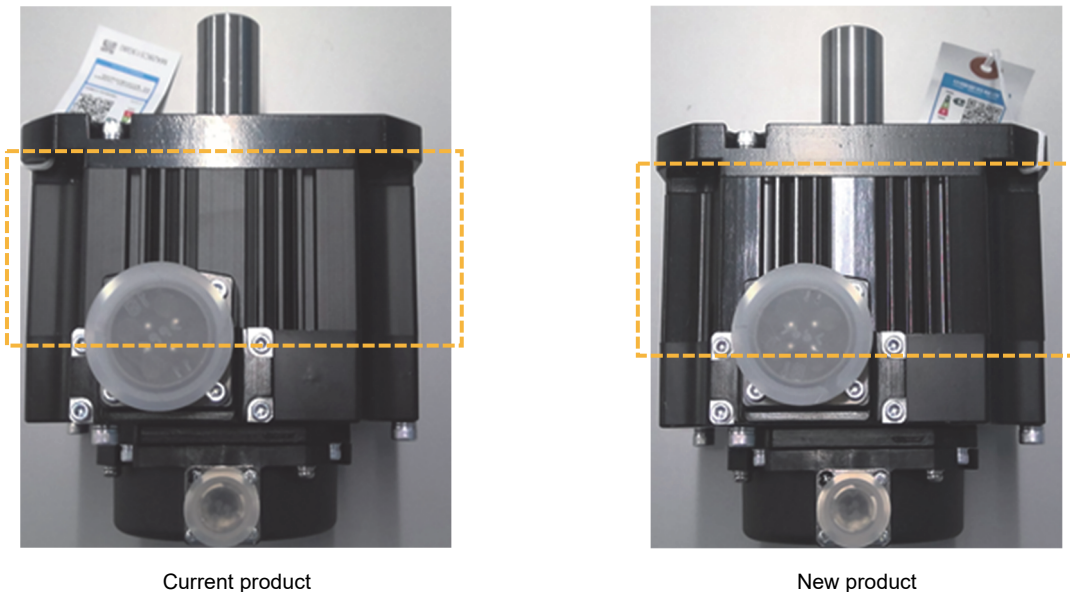

Figure 1. Appearance example

#### 4. Schedule

The products with both the current and new aluminum frames may be distributed in the market from the September 2022 production.
