Change of Method of Indicating the Country of Origin on the Packaging Box for AC Servo Amplifiers

Thank you for your continued patronage of the Mitsubishi Electric AC servo system. The method of indicating the country of origin on the packaging box for AC servo amplifiers will be changed as follows.

1. Target Model

MR-J5/MR-JET/MR-J4/MR-JE (manufactured in China)

2. Reason for the Change

Environmental consideration through reducing the label material

3. Details of the Change

The country of origin will be printed on the packaging box for AC servo amplifiers instead of being attached as a label. This change does not affect the functions and performance of the products.

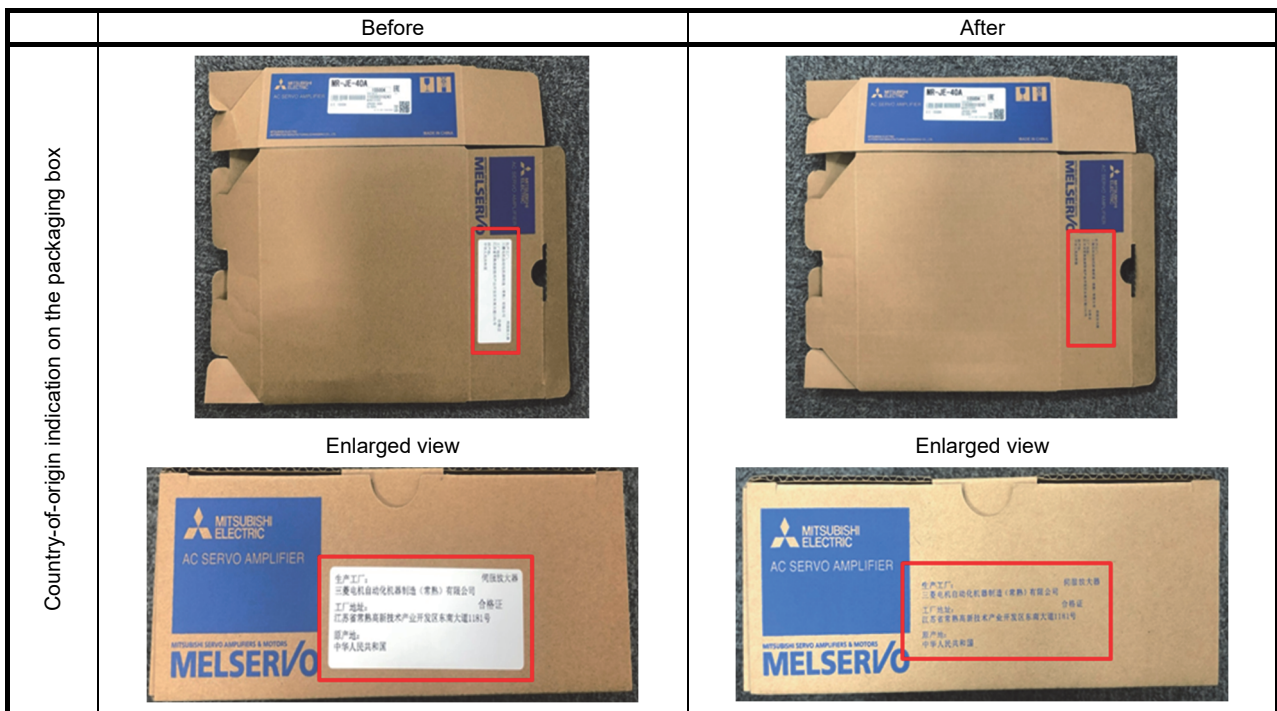

Figure 1. Example of the country of origin printed on the packaging box (MR-JE series)

4. Schedule

This change will be made sequentially from the December 2023 production. There may be cases where both the former and new products exist in the distribution stage.
