Change in Packaging of AC Servo Motors

Thank you for your continued patronage of the Mitsubishi Electric AC servo system. The packaging design of the AC servo motors will be changed.

1. Target Model

AC servo motors (the small capacity series and the medium capacity series)

2. Reason for the Change

To change the packaging design and to integrate the packaging specifications

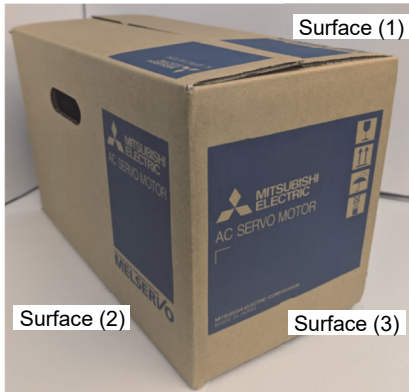

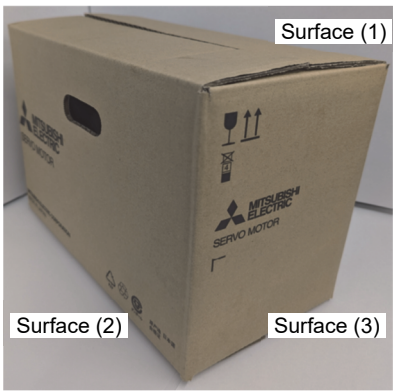

3. Details of the Change

The packaging design and specifications of the servo motors will be changed.

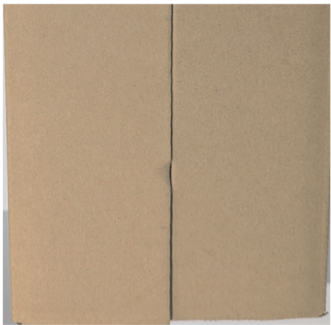

The design changes are shown in the following table (1). In addition, the size of some packaging boxes will be changed to integrate the packaging specifications, and the interior materials (internal components) will be commonalized.

The design shown in the following table (1) is representative examples and may vary with the models.
