

MITSUBISHI ELECTRIC Sensorless Servo Sales and Service

No. 034E

Indication Change on the Rating Plate and Packaging Label of the MM-GKR and MM-CF Series Sensorless Servo Motors

Thank you for your continued patronage of Mitsubishi Electric drive control products. The indications on the rating plates and packaging labels of the MM-GKR and MM-CF series sensorless servo motors will be changed to indicate the compliance with regulations of various countries.

1. Products Affected

- MM-GKR series
- MM-CF series

2. Details of Change

Marks and descriptions indicating the compliance with regulations of various countries will be rearranged, including addition/deletion.

The change does not affect the quality, performance, or specifications of the products.

(Example)

	Before	After
Rating plate		<ol style="list-style-type: none"> 1) Position change of corporate logo The position of the corporate logo will be changed to improve its visibility. 2) Addition of UKCA mark This mark will be added to comply with UK regulations. 3) Deletion of TUV mark Mark deletion does not affect the compliance status. For the compliance status of the products, please contact your local Mitsubishi Electric representative. 4) Addition of indication corresponding to China Energy Label The model name, energy efficiency, and energy efficiency grade will be indicated on the motor rating plate since the China Energy Label must be applied to comply with Chinese regulations. For details on the rules for China Energy Label, refer to the Sales and Service No. 033E.
Packaging label		<ol style="list-style-type: none"> 1) Addition of indication corresponding to China Energy Label 2) Addition of UKCA mark
