

Sales and Service

Transition to Made-to-order Production for A-series Motion Controllers (Compact Type)

Thank you for your continued patronage of the Mitsubishi motion controllers and FA products. The A-series motion controllers (compact type) have been manufactured based on market requirements since their release. However, we have difficulty to maintain the production system since some parts of the motion controllers are obsolete. Therefore, the A-series motion controllers will be available only as made-to-order products. We ask for your understanding in this matter.

1. Target Models

All models of A-series motion controllers (compact type).

2. Schedule

Transition to made-to-order production: April 1, 2011

3. Requirements for Customer

The made-to-order products will be delivered in two months after receipt of order.

Consider purchasing the target models early.

For the details of the delivery date, contact your local Mitsubishi representative.

4. Models to be Available Only as Made-to-order Products in April 1, 2011

Product	Model
Motion controller	A171SHCPUN
	A172SHCPUN
	A173UHCPU
	A173UHCPU-S1
Main base unit	A172B
	A175B
	A178B
	A178B-S1
	A178B-S2
	A178B-S3
Extension base unit	A168B
Pulse generator/synchronous encoder interface unit	A172SENC
Teaching unit	A30TU
	A30TU-E
	A30TU-S1
	A30TU-SV42
	A30TU-SV51
	A31TU
	A31TU-E
	A31TU-KE
	A31TU-R
	A31TU-RE
	A31TU-RT
	A31TU-RTE
	A31TU-D3KE51
	A31TU-D3RKE51
Teaching unit connection cable	A31TUCBL03M
Termination connector	A31SHORTCON
SSCNET cable	A270BDCBL□M
	A270CDCBL□M

Product	Model
