Appearance Change of the Serial ABS Synchronous Encoder Cover

Thank you for your continued patronage of the Mitsubishi Electric servo system controllers. The appearance of the serial ABS synchronous encoder cover will be partially changed as follows. This change does not affect the quality, functions, performance, and mounting dimensions of the product. We ask for your understanding in this matter.

1. Reason for Change

To improve the obtainability of the parts

2. Target Model

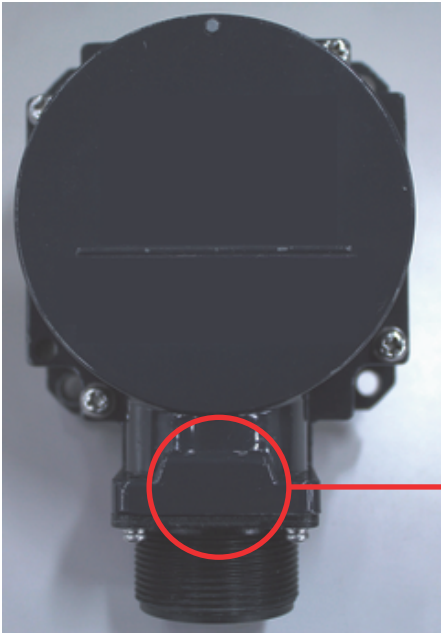

Q171ENC-W8, Q170ENC, and their derived models

3. Details of the Change

The corporate logo on the encoder cover will be removed. (Refer to Table 1.)

No other change will be made to the encoder cover.

Table 1. Removal of the corporate logo on the encoder cover

	Before change	After change
Encoder cover		 No corporate logo

4. Schedule

This change will be made sequentially from the August 2017 production.

There may be cases where both the former and new products exist in the distribution stage.
