[Title] Precautions against counterfeits

[Date of Issue] Apr., '07

[Relevant Models] MELSEC programmable controllers

Thank you for your continued support of Mitsubishi programmable controllers.

Cases that counterfeits of our programmable controller and secondhand (used) products re-packaged and sold as new products, have been increasing in the Chinese market and in other regions.

Please note that counterfeits do not meet our product specifications. Some counterfeits (counterfeits of A6BAT etc.) may burst at the time of part failure.

We are not responsible for any counterfeits or used products labeled as new products that you have purchased.

Especially, in China, check that the agency (distributor) you purchase from is one of the authorized agencies of MEAS (MITSUBISHI ELECTRIC AUTOMATION (SHANGHAI) LTD.) before purchase of the product.

Some agencies counterfeit certificate of agency. If suspicious, please contact MEAS directly.

The contact address is as follows:

MITSUBISHI ELECTRIC AUTOMATION(SHANGHAI) LTD: MEAS

Planning Dept. Channel Management Group
