

[Issue No.] FA-A-0257
[Title] Production discontinuation of MELSEC-K series battery, K6BAT
[Date of Issue] March 2018
[Relevant Model] K6BAT

Thank you for your continued support of Mitsubishi Electric programmable controllers, MELSEC-K series.
Production of the following battery for MELSEC-K series will be discontinued.

1 Model to be discontinued

Product	Model
MELSEC-K series battery	K6BAT

2 Schedule

- Transition to made-to-order: January 31, 2019
- Order acceptance: Until February 28, 2019
- Production discontinuation: March 31, 2019

3 Reason for discontinuation

Some parts of the above product are now obsolete, and we will have difficulty to maintain our production system.

4 Repair support

The repair support and the failure investigation for this product will not be continued after the discontinuation of production, because the product uses only lithium batteries (life-limited parts).

5 Alternative model

There is no alternative model.

MELSEC-K series has already finished production on October 1994, and already finished repair support on September 2001.
Please replace MELSEC-K series products with MELSEC iQ-R series or MELSEC-Q series products.
